

FOR IMMEDIATE RELEASE

Markowitz, Fenelon & Bank, LLP Will Operate from Riverhead and Bridgehampton, Effective Summer 2017

RIVERHEAD, NY, May 2017 — Markowitz, Fenelon & Bank, LLP Certified Public Accountants (MFB) is pleased to announce that a new location in Bridgehampton will open this year to serve clients. The new office will unify staff from the East Hampton, Sag Harbor and Southampton offices.

For more than 60 years, MFB has provided conscientious accounting and financial planning services to individuals, organizations and business owners connected primarily to the Hamptons and across Long Island. Five partners and more than 40 staff will operate out of Riverhead and Bridgehampton, with tentative occupancy set for July 1 in Bridgehampton.

“The Bridgehampton office is a strategic investment that will unify our staff, enhance client service and build our visibility as a longtime, trusted firm throughout Long Island,” said Robert White, firm partner. “Staffing remains the same, and we anticipate more opportunities for firm growth and connection to the community.”

The larger space is more conducive to client meetings and social gatherings. Two offices also provide economies of scale to position the firm competitively for clients and talent. For more information on MFB’s timeline for an official Bridgehampton opening, contact partner John Larkin, jlarkin@mfbcpa.com.
