

FOR IMMEDIATE RELEASE

**Markowitz, Fenelon & Bank, LLP Operates from Riverhead and Bridgehampton, Effective January 2018**

**RIVERHEAD, NY, February 2018** — Markowitz, Fenelon & Bank, LLP Certified Public Accountants (MFB) is pleased to announce its new location in Bridgehampton to serve clients. The new office unifies staff from the East Hampton, Sag Harbor and Southampton offices.

For more than 60 years, MFB has provided conscientious accounting and financial planning services to individuals, organizations and business owners connected primarily to the Hamptons and across Long Island. Five partners and more than 40 staff will operate out of Riverhead and Bridgehampton.

“The Bridgehampton office is a strategic investment that unifies our staff and therefore enhances client service,” said Robert White, CPA, PFS, firm partner. “Staffing remains the same and we anticipate more opportunities for firm growth, visibility and connection to the community as a longtime, trusted firm throughout Long Island.”

The larger space is more conducive to client meetings and social gatherings. Two offices also provide economies of scale to position the firm competitively for the benefit of clients and talent.
